

Control Page MQTT Messages

Type	Topic	Package	Button / Element	Description
subscription	Paradox/Houdini/Mirror/Clock	{"time":<seconds>}	"Time Left" text box.	Time to display in the "Time Left" box. It will need to be converted to MM:SS.
pubish	Paradox/Houdini/Commands	{"command":"start60"}	"Start 60" button.	Disable "Start 60" AND "Start 30" button until Reset is entered.
pubish	Paradox/Houdini/Commands	{"command":"start30"}	"Start 30" button.	Disable "Start 60" AND "Start 30" button until Reset is entered.
pubish	Paradox/Houdini/Commands	{"command":"pause"}	"Pause" button.	Switch text to "Resume"
pubish	Paradox/Houdini/Commands	{"command":"reset"}	"Reset" button.	Enable "Start 60" and "Start 30" buttons.
pubish	Paradox/Houdini/Commands	{"command":"solve"}	"Solve" button.	n/a
pubish	Paradox/Houdini/Commands	{"command":"fail"}	Right click on "Solve" button.	Right clicking on the Solve button should bring up the "Fail Game?" dialog box. A yes sends the command and a cancel dismissed the dialog box.
pubish	Paradox/Houdini/Props/Lights	{"color":"red"}	"Red" button	n/a
pubish	Paradox/Houdini/Props/Lights	{"color":"green"}	"Green" button.	n/a
pubish	Paradox/Houdini/Props/Lights	{"color":"white"}	"White" button.	n/a
pubish	Paradox/Houdini/Mirror/Clock	{"hint":<User entered text.>,"duration":<seconds>}	"Send" button and Hint input box.	The duration field is optional, so for this implmentation you can ignore it. Note: If hint text box is blank then send a single space " ".
subscription	Paradox/Houdini/Picture	{"video":<filename>,"duration":<seconds>,"nextvideo":<next video filename>}	Picture text boxes for Current, Remaining, and Next Up.	Display the filename for the current video in the "current" text box on the Pictutre line. Use the "MM:SS" to start a timer that counts backwards to 00:00 and is displayed under the "Remaining" column. If duration is not supplied, timer field remains blank. Note, that the "Next up" field is OPTIONAL. If nothing is supplied then the field should be cleared.
subscription	Paradox/Houdini/Mirror	{"video":<filename>,"duration":<seconds>,"nextvideo":<next video filename>}	Picture text boxes for Current, Remaining, and Next Up.	Display the filename for the current video in the "current" text box on the Mirror line. Use the "MM:SS" to start a timer that counts backwards to 00:00 and is displayed under the "Remaining" column. If duration is not supplied, timer field remains blank. Note, that the "Next up" field is OPTIONAL. If nothing is supplied then the field should be cleared.
